

EA190.23 Skate Park Working Party

Membership of the Skatepark Task Group

The Skatepark Task Group (STG) will be made up of members from the following groups:

- Parish Council representatives
- Community representatives
- Resident representatives
- User Group representatives
- Stakeholder representatives

The role of the Representatives is to be the voice of the group that they represent. They should attend meetings and contribute to discussions and debates and bring questions on behalf of the area that they represent as well as providing information to their area and offering constructive feedback to the STG.

The group members will also need to be mindful of the needs and the views of the residents as a whole when making their recommendations, as not all groups can be represented on the STG.

The aim of the STG will be to provide information to the Parish Council to enable sign off on each Phase set out above. It may be necessary to update and amend the suggested Phases to react to circumstances or matters which arise during the previous or current phases. There may also be changes in legislation, land ownership etc which need to be taken into account.
